## 4 FIRST AID MEASURES

**General Measures:** Under normal handling and use, exposure to solid forms of this material present few health hazards. Subsequent operations such as grinding, melting or welding may produce potentially hazardous dust or fumes which can be inhaled or come in contact with the skin or eyes.

**INHALATION:** Remove to fresh air, keep warm and quiet, give oxygen if breathing is difficult. Seek immediate medical attention.

**INGESTION:** Rinse mouth with water. Do not induce vomiting. Seek immediate medical attention. Never induce vomiting or give anything by mouth to an unconscious person.

**SKIN:** Remove contaminated clothing, wash affected area with soap and water. Seek medical attention. Wash contaminated clothing before reusing.

**EYES:** Flush eyes with lukewarm water, including under upper and lower eyelids, for at least 15 minutes. Seek medical attention.

**Most Important Symptoms/Effects, Acute and Delayed:** May cause irritation. See section 11 for more information.

**Indication of Immediate Medical Attention and Special Treatment:** No other information available.

## 5 FIREFIGHTING MEASURES

**Extinguishing Media:** Use suitable extinguishing agent for surrounding materials and type of fire.

## Silver Copper Alloy SAFETY DATA SHEET

**Unsuitable Extinguishing Media:** No information available.

**Specific Hazards Arising from the Material:** This product does not present fire or explosion hazards as shipped. Fine dust from processing may ignite if allowed to accumulate and subjected to an ignition source. May emit metal oxide fumes under fire conditions.

**Special Protective Equipment and Precautions for Firefighters:** Full face, self-contained breathing apparatus and full protective clothing when necessary.

### **6 ACCIDENTAL RELEASE MEASURES**

**Personal Precautions, Protective Equipment, and Emergency Procedures:** Wear appropriate respiratory and protective equipment specified in section 8. Avoid dust formation. Avoid contact with skin and eyes. Avoid breathing dust or fume.

**Methods and Materials for Containment and Cleaning Up:** Sweep or scoop up. Place in a closed container for further handling and disposal. Scrap can be collected for recycling.

**Environmental Precautions:** Do not allow to enter drains or to be released to the environment.

### **7 HANDLING AND STORAGE**

**Precautions for Safe Handling:** Avoid creating dust. Provide adequate ventilation if dusts are created. See section 8 for information on personal protection equipment.

**Conditions for Safe Storage, Including Any Incompatibilities:** Store in a sealed container. Store in a cool, dry area. See section 10 for more information on incompatible materials.

### **8 EXPOSURE CONTROLS AND PERSONAL PROTECTION**
